

ARTWORK PREP

Send us the best version of your art you've got. If it's not print-ready, we'll quote a one-time art fee to get it there.

How to send artwork

- Email it to **waldenbros2020@gmail.com** — or upload it directly when you submit your order online.
- If you have a file with a *transparent background* (usually PNG, SVG, or AI), please send **that** file. It's what we need to print cleanly.
- Higher resolution is always better. Screenshots and tiny social-media downloads usually need a redraw.

WHAT THIS MEANS

These are **one-time** fees per design. Once we have a clean print-ready file on record, future orders using the same art don't pay it again.
